

Stainless Steel Manifold Assemblies

Special Pressure Balanced Manifold Assembly with Flow Regulators for Telescope Cooling Application

Special Supply and Return Manifold Assemblies with Flow Regulation, Flow Sensing and 3-Way Valves for Laboratory Application

7-Foot Long Supply and Return Manifold Assemblies with Plug Valves for Semi Conductor Equipment Application

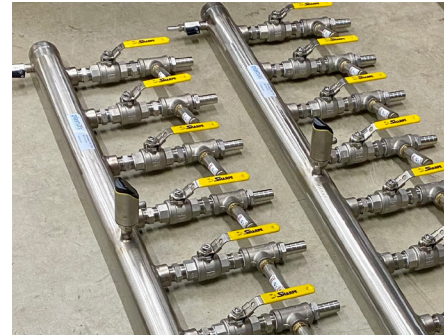

Large Return Manifold Assembly with Electronic Pressure Sensors, Pipe for Non-Contact Flowmeters, Needle Valves and Hammer Arrestors for Server Cooling Application

Inlet and Outlet Manifold Pair Assemblies for Main Water Supply Drops for a Plant Water System

Plastix® Compact Manifold Assembly with Plastix® LinkedXValve™ and Flowmeters on Return Manifold for Injection Molding Application

Large Supply Manifold Assemblies with Electronic Pressure Sensors, SS Valves, Hammer Arrestors and Drain Valves for Server Cooling Application

Tee Manifolds Awaiting Assembly for Brass Ball Valves. Application for Welding Gases for Car Manufacturer's Welding Robots (over 400 produced)

Large Supply and Return Manifold Assemblies with Pipe Extensions on Return Manifold for Non-Contact Flowmeters for Laser Cooling Application

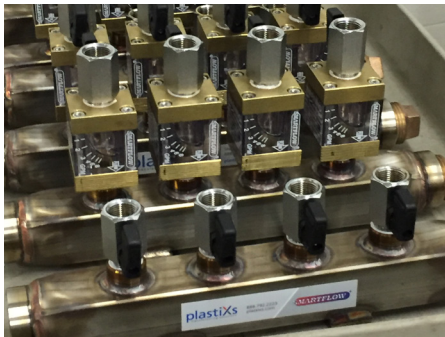

Supply and Return Manifold Assemblies with Electronic Display Flowmeters and Brass Flow Regulators for Injection Molding Application

Supply and Return Manifold Assemblies with Electronic and Mechanical Flowmeters and Brass Flow Regulators for Electronic Cooling Application

Wall Mounted Return Manifold Assembly with Mechanical Flowmeters and Brass Ball Valves for Laser Cooling Application

Supply and Return Manifold Pair Assemblies with Mini Ball Valves and Mechanical Flowmeters on the Return Side for Injection Molding Application

Dual Sided Supply Manifold Assembly with Ball Valves for Vacuum Chamber Application

2" High Flow Return Manifold Assembly with 3/4" Brass Flow Regulators, Mechanical Flowmeters with Temperature Gauges for Laboratory Application

PlastiXs® Compact Manifold Pair Assembly with Special Supply & Return Configuration for Injection Molding Application
